

## **“Let My Work Speak4Me” Recognition**

**The “Let My Work Speak4Me” Recognition Initiative is a creation of Up2Me Radio to spotlight phenomenal people doing phenomenal things in service to others.**

### **Background:**

At Up2Me Radio we believe in the Ubuntu concept meaning “I am because you are”. This concept embraces the idea that humans cannot exist in isolation. We depend on connection, community, and caring, simply we cannot be without each other.

The Up2Me hashtag [#bebetterdobetter](#) reflects our community’s desire to be what God has created us to be so that we show up as our best self in this world. We support the premise that ultimately everyone seeks to learn and live in their purpose.

At various stages of life we see a problem that pulls at our hearts and souls. We further believe that the power of an issue calling you never leaves your spirit because it is calling you into service.

At Up2Me Radio we refer to this process as an “Up2Me Moment” when God calls you to an assignment utilizing your natural gifts, passions and talents. We all desire to leave a legacy of our life’s work, *our best work*.

We want to take a minute to spotlight and recognize individuals who have selfishly stepped up to something bigger than themselves to help others in need, are making a positive impact to their community and the world at large; and who are living out the concept “I am because you are”
